8 Reasons to Choose MBK TAPE SOLUTIONS To Design & Develop Your Tape Products

MBK Tape Solutions Chatsworth, CA

Chatsworth, CA – August 27, 2014 –As a third party tape converter, MBK is well qualified to manage the development of adhesive tape component parts and end-user products for the following reasons.

- 1) By quantifying the project right from the start, MBK accelerates device development.
- 2) MBK understands FDA safety regulations, which ultimately improves the reimbursement to all parties involved.
- 3) Being partners with 3M, Avery, Rogers Scapa and many others, allows us to find you the right material at the best price.
- 4) Having state-of-the-art converting equipment on-site provides efficiency.
- 5) With over a hundred years of combined knowledge and experience, MBK ensures reliability and great precision in materials and equipment.
- 6) By combining converting capabilities with unique technologies, MBK offers more options throughout the process.
- 7) MBK deals with a wide variety of industries, thus brings cross-over expertise when needed.
- 8) Being a one-stop-shop, MBK can switch gears quickly and respond in a timely manner.
