[Converting Capabilities](#)

Greetings!

This year is coming to a close and we've been super busy and blessed! We have new products and equipment, expanded our warehouse and added to the MBK Team.

Thank you for your continued business and have a happy and safe holiday season.

New Rotary Die Cutting Press

Our new high tech 16" wide Rotary Die Cutting Press will enable us to perform highly technically intricate die cuts. It gives us the ability to re-register complex multi-stage die cuts and print media, while holding extremely tight tolerances. Island placement is now possible allowing pin-point accuracy while running parts through the webs, particularly useful for multi-layer wound care and other medical device parts. We are excited to have this new machine for it has the ability to increase productivity and capacity.

Featured Product FDA Direct Food Contact Tapes

MBK recently developed several new adhesive tapes for use in Direct Food Contact applications in conformance with FDA regulations. These new FDA tape products are safe and effective while eliminating

concerns over contamination and cleanup, ultimately improving productivity and reducing waste of materials.

Our new FDA Direct Food Contact Tape product line consists of Adhesive Transfer Tape, various Film Tapes and PTFE Coated Glass Cloth Tape, available with either removable or permanent adhesives in various thicknesses. Tapes can be self-wound or supplied with a liner on plastic or paper cores. Being a custom manufacturer and converter, MBK can die cut parts, slit rolls and print to your specifications.

Contact MBK Tape Specialist at 800-479-9707 to discuss your application requirements.

MBK Floor Expansion

To accommodate our growing business, we expanded our production and warehouse space by adding a mezzanine to our building. This expansion gave room for the new automated equipment and increased our capacity for stocking jumbo rolls of materials. Along with the expansion, we've streamlined our production capabilities. We can more easily isolate production processes when necessary.

Special thanks to our dedicated production crew who worked miracles around the construction project. With this added space, we are able to stock more materials, increase capacity and expand our capabilities. This is a win-win situation for all departments and our valued customers - everyone is happy.

**Meet Our Newest
MBK Team Members
Lauri Wolfe and Fred Carey
Taryn Carrillo & Cynthia Aceves**

Fred Carey is our new outside sales rep handling Northern California. Fred comes on board with a background in converting and fabricating metals and other materials. He lives in San Jose, making him readily accessible to our Northern customers.

Lauri Wolfe manages the San Fernando Valley territory. She has many years of outside sales and account management experience in various industries on the West Coast. Coming from a heavy consultative background, feel free to contact her for help with your next project.

Welcome to our receptionist, **Taryn Carrillo** and our customer service agent, **Cynthia Aceves**. They both are technology savvy and have become valuable assets to the MBK company.

Most importantly, we have hired experienced machine operators and shipping & receiving personnel to keep the production flow humming.

MBK Tape Solutions continues to do their part to help America thrive and MBK grow.

Follow MBK on LinkedIn and Your Favorite Social Media Sites

Recently, MBK added the LinkedIn link to the our website to help build relationships with our customers. We also added a sign-up mailing list, so that you can keep abreast of the MBK News and the Tape Converting Industry. We will be adding informative, insightful and inspirational content on the social media sites and the MBK News and Resource pages on the website.

Please follow and share our products and services with others. We would also welcome you to write reviews and comments. Your input is valuable to us at MBK.

We appreciate the confidence you have placed with MBK Tape Solutions and the opportunity to build a relationship with you.

We wish you and your family all the best this holiday season.

Warm wishes,

The MBK Team

About MBK
